

BSI Standards Publication

Overhead lines — Requirements and tests for Aeolian vibration dampers

National foreword

This British Standard is the UK implementation of EN IEC 61897:2020. It is identical to IEC 61897:2020. It supersedes BS EN 61897:1999, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/11, Overhead Lines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
