Secondary cells and batteries containing alkaline or other non-acid electrolytes — Secondary lithium cells and batteries for portable applications

Part 4: Coin secondary lithium cells, and batteries made from them

National foreword

This British Standard is the UK implementation of EN IEC 61960-4:2020. It is identical to IEC 61960-4:2020.

The UK participation in its preparation was entrusted to Technical Committee PEL/21/1, Secondary cells and batteries containing alkaline and other non-acidic electrolytes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
