High-voltage switchgear and controlgear

Part 104: Alternating current switches for rated voltages higher than 52 kV

National foreword

This British Standard is the UK implementation of EN IEC 62271-104:2020. It is identical to IEC 62271-104:2020. It supersedes BS EN 62271-104:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/17, High voltage switchgear, controlgear and assemblies.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
