Fibre optics — Multimode launch conditions

Part 1: Launch condition requirements for measuring multimode attenuation

National foreword

This British Standard is the UK implementation of EN IEC 62614-1:2020. It is identical to IEC 62614-1:2020. It supersedes BS EN 62614:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/86/3, Fibre optic systems and active devices.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
