Ferrite cores — Guidelines on dimensions and the limits of surface irregularities

Part 13: PQ-cores

National foreword

This British Standard is the UK implementation of EN IEC 63093-13:2019. It is identical to IEC 63093-13:2019, incorporating corrigendum May 2024. It supersedes BS EN 60424-8:2015 and BS EN 62317-13:2015, which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/51, Transformers, inductors, magnetic components and ferrite materials.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient’s own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.
