## **Wearable electronic devices and technologies**

---

Part 406-1: Test method for measuring surface temperature  
of wrist-worn wearable electronic devices while in contact  
with human skin (IEC 63203-406-1:2021)

## National foreword

This British Standard is the UK implementation of EN IEC 63203-406-1:2022. It is identical to IEC 63203-406-1:2021.

The UK participation in its preparation was entrusted to Technical Committee AMT/9, Printed Electronics.

A list of organizations represented on this committee can be obtained on request to its committee manager.

### Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient's own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.
