

BSI Standards Publication

Preparation of steel substrates before application of paints and related products — Test methods for non-metallic blast-cleaning abrasives

Part 1: Sampling

National foreword

This British Standard is the UK implementation of EN ISO 11127-1:2021. It is identical to [ISO 11127-1:2020](#). It supersedes [BS EN ISO 11127-1:2011](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/21, Paint systems and surface preparation for metallic substrates.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
