

BSI Standards Publication

**Jewellery — Determination of
silver in silver jewellery alloys
— Volumetric (potentiometric)
method using potassium
bromide (ISO 11427:2014)**

National foreword

This British Standard is the UK implementation of EN ISO 11427:2016. It is identical to ISO 11427:2014. It supersedes BS ISO 11427:2014 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/53, Specifications and test methods for jewellery and horology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
