

BSI Standards Publication

Gas cylinders - Composite construction - Periodic inspection and testing

National foreword

This British Standard is the UK implementation of EN ISO 11623:2015. It is identical to ISO 11623:2015. It supersedes BS EN ISO 11623:2002, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PVE/3/7, Gas containers - Gas cylinder (receptacle) operations.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
