

BSI Standards Publication

Water quality — Polonium 210 — Test method using alpha spectrometry

National foreword

This British Standard is the UK implementation of EN ISO 13161:2020. It is identical to ISO 13161:2020. It supersedes BS EN ISO 13161:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EH/3/8, Radioactivity measurements methods.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
