

Petroleum and natural gas industries — Procedures for testing casing and tubing connections

The European Standard EN ISO 13679:2006 has the status of a British Standard.

ICS 75.180.10; 75.200

National foreword

This British Standard was published by BSI. It is the UK implementation of EN ISO 13679:2006. It is identical with ISO 13679:2002.

The UK participation in its preparation was entrusted by Technical Committee PSE/17, Materials and equipment for petroleum, petrochemical and natural gas industries, to Subcommittee PSE/17/-/5, Casing, tubing and drill pipe.

A list of organizations represented on PSE/17/-/5 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 10 January 2003
