Petroleum and natural gas industries — Materials for use in H₂S-containing environments in oil and gas production

Part 1: General principles for selection of cracking-resistant materials

National foreword

This British Standard is the UK implementation of EN ISO 15156-1:2015. It supersedes BS EN ISO 15156-1:2009 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PSE/17, Materials and equipment for petroleum, petrochemical and natural gas industries.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
