**Clinical laboratory testing  
and in vitro diagnostic test  
systems — Reference method  
for testing the in vitro activity  
of antimicrobial agents against  
yeast of fungi involved in  
infectious diseases (ISO  
16256:2012)**

**National foreword**

This British Standard is the UK implementation of EN ISO 16256:2012.

The UK participation in its preparation was entrusted to Technical Committee CH/212, IVDs.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
