

BSI Standards Publication

Corrosion of metals and alloys — Corrosion and fouling in industrial cooling water systems

Part 1: Guidelines and requirements for conducting pilot-scale evaluation of corrosion and fouling control additives for open recirculating cooling water systems

National foreword

This British Standard is the UK implementation of EN ISO 16784-1:2024. It is identical to ISO 16784-1:2024. It supersedes BS EN ISO 16784-1:2008, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISENF/8.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations
