

BSI Standards Publication

Geotechnical investigation and testing - Laboratory testing of soil

Part 10: Direct shear tests

National foreword

This British Standard is the UK implementation of EN ISO 17892-10:2018.

The UK participation in its preparation was entrusted to Technical Committee B/526/3, Site investigation and ground testing.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
