Metallic tube connections for fluid power and general use — Test methods for hydraulic fluid power connections

National foreword

This British Standard is the UK implementation of EN ISO 19879:2010. It supersedes BS EN ISO 19879:2005 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MCE/18/-/4, Connectors and associated components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
