

BSI Standards Publication

**Radiological protection — Performance criteria
for laboratories using Fluorescence In Situ
Hybridization (FISH) translocation assay for
assessment of exposure to ionizing radiation**

National foreword

This British Standard is the UK implementation of EN ISO 20046:2021. It is identical to ISO 20046:2019. It supersedes BS ISO 20046:2019, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
