

BSI Standards Publication

Susceptibility testing of infectious agents and evaluation of performance of antimicrobial susceptibility test devices

Part 1: Broth micro-dilution reference method for testing the in vitro activity of antimicrobial agents against rapidly growing aerobic bacteria involved in infectious diseases

National foreword

This British Standard is the UK implementation of EN ISO 20776-1:2020. It is identical to ISO 20776-1:2019. It supersedes BS EN ISO 20776-1:2006, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/212, IVDs.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
