Energy performance of buildings — Thermal, solar and daylight properties of building components and elements

Part 1: Simplified calculation method of the solar and daylight characteristics for solar protection devices combined with glazing

National foreword

This British Standard is the UK implementation of EN ISO 52022-1:2017. It supersedes BS EN 13363-1:2003+A1:2007, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/540/2, Building performance - Moisture.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
