

Dentistry — Number coding system for rotary instruments —

Part 1: General characteristics

ICS 11.060.25

National foreword

This British Standard is the UK implementation of EN ISO 6360-1:2004, incorporating corrigendum December 2007. It is identical with ISO 6360-1:2004, incorporating corrigendum September 2007. It supersedes BS 6828-5.1:1987 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee CH/106, Dentistry, to Subcommittee CH/106/4, Dental instruments.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

Amendments/corrigenda issued since publication

Date	Comments
30 April 2008	Implementation of ISO corrigendum September 2007 (subclause 5.5 revised) with CEN endorsement corrigendum December 2007

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 12 May 2004
