

BSI Standards Publication

Additive manufacturing — General principles — Overview of data processing

National foreword

This British Standard is the UK implementation of EN ISO/ASTM 52950:2021. It is identical to ISO/ASTM 52950:2021. It supersedes BS EN ISO 17296-4:2016, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AMT/8, Additive manufacturing.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
