

Information technology — Small Computer System Interface-2

(ISO/IEC 9316 : 1995)

The European Standard EN ISO/IEC 9316 : 1996 has the status of a
British Standard

ICS 35.200

National foreword

This British Standard is the English language version of EN ISO/IEC 9316 : 1996. It is identical with ISO/IEC 9316 : 1995. It supersedes BS EN 29316 : 1991 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee IST/39, Interconnection of IT Equipment; Cabling; Microprocessors, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

Attention is drawn to the fact that annex ZA lists normative references to international publications with their corresponding European publications. The British Standards which implement these international or European publications may be found in the BSI Standards Catalogue under the section entitled 'International Standards Correspondence Index', or using the 'Find' facility of the BSI Standards Electronic Catalogue.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
