

Power transformers

Part 21: Standard requirements, terminology,
and test code for step-voltage regulators

National foreword

This British Standard is the UK implementation of IEC 60076-21:2011.

The UK participation in its preparation was entrusted to Technical Committee PEL/14, Power transformers.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
