

BSI Standards Publication

Guidance for the selection of high-voltage A.C. cable systems

National foreword

This British Standard is the UK implementation of IEC 60183:2015.

The UK participation in its preparation was entrusted to Technical Committee GEL/20/16, Electric Cables - Medium/high voltage.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
