Coaxial communication cables

Part 1-206: Environmental test methods - Climatic sequence

National foreword

This British Standard is the UK implementation of IEC 61196-1-206:2017.

The UK participation in its preparation was entrusted to Technical Committee EPL/46, Cables, wires and waveguides, radio frequency connectors and accessories for communication and signalling.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
