Metallic cables and other passive components - Test methods

Part 4-17: Electromagnetic compatibility (EMC) - Reduction Factor

National foreword

This British Standard is the UK implementation of IEC 62153-4-17:2018.

The UK participation in its preparation was entrusted to Technical Committee EPL/46, Cables, wires and waveguides, radio frequency connectors and accessories for communication and signalling.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
