BS IEC/IEEE 80005-1:2019+A2:2023

BSI Standards Publication

Utility connections in port

Part 1: High voltage shore connection (HVSC) systems — General requirements

bsi.

National foreword

This British Standard is the UK implementation of IEC/IEEE 80005-1:2019+A2:2023. It supersedes BS IEC/IEEE 80005-1:2019+A1:2022, which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to IEC/IEEE text carry the number of the IEC/IEEE amendment. For example, text altered by IEC/IEEE amendment 1 is indicated by [A1] ⟨A1⟩.

The UK participation in its preparation was entrusted to Technical Committee JPEL/18, Electrical installations of ships and of mobile and fixed offshore units.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.
