

Methods of evaluation of the battery life of a battery-powered watch

ICS 39.040.10

National foreword

This British Standard is the UK implementation of ISO 12819:2009. It supersedes BS ISO 12819:1999 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/53, Specifications and test methods for jewellery and horology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2009
