

BSI Standards Publication

Space environment (natural and artificial) — Guide to process-based implementation of meteoroid and debris environmental models (orbital altitudes below GEO + 2 000 km)

National foreword

This British Standard is the UK implementation of ISO 14200:2012.

The UK participation in its preparation was entrusted to Technical Committee ACE/68/-/4, Space systems and operations - Space environment (natural and artificial).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
