

BS ISO 15746-1:2015

BSI Standards Publication

Automation systems and integration — Integration of advanced process control and optimization capabilities for manufacturing systems

Part 1: Framework and functional model

National foreword

This British Standard is the UK implementation of ISO 15746-1:2015.

The UK participation in its preparation was entrusted to Technical Committee AMT/5, Industrial architectures and integration frameworks.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
