

BSI Standards Publication

# **Acoustics — Measurement of sound emitted by road vehicles of category M and N at standstill and low speed operation — Engineering method**

**National foreword**

This British Standard is the UK implementation of ISO 16254:2016.

The UK participation in its preparation was entrusted to Technical Committee EH/1/2, Transport noise.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
