Road vehicles — Environmental conditions and testing for electrical and electronic equipment

Part 3: Mechanical loads

National foreword

This British Standard is the UK implementation of ISO 16750-3:2012. It supersedes BS ISO 16750-3:2007, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AUE/16, Electrical and electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
