

**BS ISO 18325:2015**

**BSI Standards Publication**

# **Geosynthetics — Test method for the determination of water discharge capacity for prefabricated vertical drains**

**National foreword**

This British Standard is the UK implementation of ISO 18325:2015.

The UK participation in its preparation was entrusted to Technical Committee B/553, Geosynthetics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
