

BSI Standards Publication

Industrial automation systems and integration — Standardized procedures for production systems engineering

Part 5: Manufacturing change management

National foreword

This British Standard is the UK implementation of ISO 18828-5:2019.

The UK participation in its preparation was entrusted to Technical Committee AMT/4, Industrial data and manufacturing interfaces.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
