

BS ISO 19072-2:2013

BSI Standards Publication

Road vehicles — Connection interface for pyrotechnic devices, two-way and three-way connections

Part 2: Test methods and general performance requirements

National foreword

This British Standard is the UK implementation of ISO 19072-2:2013. It supersedes BS ISO 19072-2:2007 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AUE/16, Electrical and electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
