

BSI Standards Publication

Automation systems and integration — Evaluating energy efficiency and other factors of manufacturing systems that influence the environment

Part 5: Environmental performance evaluation data

National foreword

This British Standard is the UK implementation of ISO 20140-5:2017.

The UK participation in its preparation was entrusted to Technical Committee AMT/5, Industrial architectures and integration frameworks.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

ISBN 978 0 580 97274 4

ICS 25.040.01

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 September 2017.
