

BSI Standards Publication

Space systems — Calibration requirements for satellite-based passive microwave sensors

National foreword

This British Standard is the UK implementation of ISO 20930:2018.

The UK participation in its preparation was entrusted to Technical Committee ACE/68, Space systems and operations.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
