

BSI Standards Publication

**Gasoline engines with direct fuel injection
(GDI engines) — Installation of the high
pressure fuel pump to the engine**

National foreword

This British Standard is the UK implementation of ISO 21042:2018.

The UK participation in its preparation was entrusted to Technical Committee MCE/22, Engines for road vehicles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
