

BSI Standards Publication

Sampling and test method for cleanable filter media taken from filters of systems in operation

National foreword

This British Standard is the UK implementation of ISO 22031:2021.

The UK participation in its preparation was entrusted to Technical Committee MCE/21, Filters for gases and liquids.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
