

BSI Standards Publication

Security and resilience — Emergency management — Guidelines for implementation of a community- based landslide early warning system

National foreword

This British Standard is the UK implementation of ISO 22327:2018.

The UK participation in its preparation was entrusted to Technical Committee SSM/1, Societal security management.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
