

BSI Standards Publication

Security and resilience — Emergency management

Part 1: General guidelines for the implementation of a
community-based disaster early warning system

National foreword

This British Standard is the UK implementation of ISO 22328-1:2020.

The UK participation in its preparation was entrusted to Technical Committee SSM/1, Societal security management.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
