Textiles — Determination of certain preservatives

Part 2: Determination of triclosan residues method using LC-MS/MS

National foreword

This British Standard is the UK implementation of ISO 22992-2:2020.

The UK participation in its preparation was entrusted to Technical Committee TCI/80, Chemical testing of textiles.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
