**Microbeam analysis — Analytical electron
microscopy — Methods for calibrating
image magnification by using reference
materials with periodic structures**

National foreword

This British Standard is the UK implementation of ISO 29301:2017. It supersedes BS ISO 29301:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CII/9, Microbeam analysis.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
