power —
Positive-displacement
pumps, motors
and integral
transmissions —
Methods of testing and
presenting basic steady
state performance**

ICS 23.100.10

National foreword

This British Standard was published by BSI. It is the UK implementation of ISO 4409:2007. It supersedes BS 4617:1983 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee MCE/18, Fluid power systems and components, to Panel MCE/18/-/8, Product testing.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 June 2007
