

BSI Standards Publication

**Plastics — Determination of changes in colour
and variations in properties after exposure
to glass-filtered solar radiation, natural
weathering or laboratory radiation sources**

National foreword

This British Standard is the UK implementation of ISO 4582:2017. It supersedes BS 2782-5:Method 552A:1999, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/21, Testing of plastics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
