National foreword

This British Standard reproduces verbatim ISO 6107-1:2004 and implements it as the UK national standard. It supersedes BS 6068-1.1:1996 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EH/3, Water quality, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
