

BS ISO 6358-2:2013

BSI Standards Publication

Pneumatic fluid power — Determination of flow-rate characteristics of components using compressible fluids

Part 2: Alternative test methods

National foreword

This British Standard is the UK implementation of ISO 6358-2:2013. Together with BS ISO 6358-1:2013 and BS ISO 6358-3, it supersedes BS 7294:1990 (dual numbered as ISO 6358:1989), which will be withdrawn on publication of Part 3.

The UK participation in its preparation was entrusted by Technical Committee MCE/18, Fluid power systems and components, to Subcommittee MCE/18/-/5, Control components.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
