

BSI Standards Publication

Ceramic ware, glass ceramic ware and glass dinnerware in contact with food — Release of lead and cadmium

Part 1: Test method

National foreword

This British Standard is the UK implementation of ISO 6486-1:2019.

The UK participation in its preparation was entrusted to Technical Committee CW/47/2, Metal release.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
