

BSI Standards Publication

Aircraft — High temperature convoluted hose assemblies in polytetrafluoroethylene (PTFE)

National foreword

This British Standard is the UK implementation of ISO 7313:2020. It supersedes BS M 57:1985, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ACE/69, Aerospace hydraulic systems, fluids and components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
