# National foreword

This British Standard reproduces verbatim ISO 7654:1998 and implements it as the UK national standard. It supersedes BS 4552-3:1992 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee MCE/21, Filters for gases and liquids, to Subcommittee MCE/21/6, Filters for volatile liquid fuels, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.
